# **I Admission policy**

## **1. Mission Statement**

With its innovative international liberal arts educational philosophy, Akita International University aspires to prepare students to be leaders in global society.

The International Liberal Arts education at AIU enables students to acquire a broad scope of knowledge and sharpen analytical thinking skills while gaining insight into various critical issues that are confronting the world and develop in them a global outlook, and equip them with the ability to communicate effectively in English and other languages.

AIU's International Liberal Arts education fosters self-realization; it opens minds, instills the will to act and develops a capacity to rise to the complex challenges of the times with integrity and discipline. AIU students learn to commit themselves to serving their local communities, their countries, and the world.

## **2. Characteristics**

- From the perspective of an emphasis on education, we widely recruit faculty members with enthusiasm and capability for education from all over the world, regardless of nationality, age, or gender; all classes are conducted in English by the professors, about half of whom are foreigners.
- In order to acquire international vision and sense through cross-cultural experience, our students are obliged to study abroad for one year.  
In conjunction with this, a cosmopolitan educational environment and campus life are offered where foreign students gather from across the globe.
- As a university open to the world based on constant exchanges with the cross-cultural community, we deepen cooperation with universities/colleges around the world including 205 partner universities/colleges in 51 countries/regions (as of May, 2024).
- As a select few, our students are provided a whole person education by, for example, everyone being obliged to live in a dormitory for at least one year after admission.

## **3. Future Students**

At Akita International University, we want students who share our philosophy:

Successful applicants should be equipped with:

- A balanced basic academic competency across the broad fields of humanities, the natural and social sciences, as well as logical, critical and creative thinking skills, and an outstanding ability or experience in specific areas that they are enthusiastic about further developing within the scope of their learning.
- A strong interest and an inquiring mind toward global affairs including the nature of diverse cultures, languages, history and societies of the world based on their experiences in having studied abroad or participated in various international activities in and out of their countries.
- A strong desire to gain practical skills of foreign languages (especially English) and knowledge from a broad range of liberal-arts subjects.

## Quick Facts

As of Apr. 1, 2021

<b>Established:</b>	April, 2004
<b>English Name:</b>	Akita International University (AIU)
<b>Japanese Name:</b>	国際教養大学 (Kokusai Kyoyo Daigaku)
<b>Location:</b>	See AIU on <a href="#">Google Maps</a> 
<b>Accreditation:</b>	AIU is a four-year undergraduate college with a graduate school, both of which are accredited by Japan University Accreditation Association, an accreditation organization designated by Ministry of Education, Culture, Sports, Science and Technology - Japan.

## ⑥ Basic Information About the University

Only if you are (or were) a student at an overseas university, please contact the university with the following information and submit the email reply from the university as a PDF file.

- Type of degree (e.g., Bachelor's degree/Associate degree)
- Whether the university uses ECTS in its credit system
- Number of credits required for graduation
- Number of credits required in a year
- Number of credits required per semester
- Number of years of study
- The semester system (e.g., 2 semester system / 3 quarter system / 4 term system)
- How many weeks are in a semester

## ⑦ Table of Contents of the Textbook

Only if you wish to receive credit for language courses, please submit a table of contents of the textbook for each course as a PDF.

## 2. Credit Approval and Required Years for Graduation

Regardless of a student's year status when transferred, only credits with a grade corresponding to a "C-" or above by AIU standards (at least 70% of maximum credit in course assignments and exams) are transferrable. In addition, the number of credits in a course or courses transferred must be no less than the number of credits of the corresponding AIU course/courses. Maximum number of credits, including credits transferred from other universities prior to enrollment, credits earned from online courses offered at AIU, and credits transferred from other universities after enrollment, is 60 credits. As for credits transferred from other universities prior to enrollment, the maximum number of credits is 30 credits when the instruction of courses was in English and 18 credits for other cases. However, when a student is admitted as a 3rd year transfer student and has already earned 30 credits or more at a foreign university, the study abroad requirement is considered sufficient, and in this case, credits will be transferred within the aforementioned maximum credit limit. If 60 credits are approved for transfer, then the student will be admitted with a Junior status. In other cases, the student will be admitted with a Freshman or Sophomore status.

The transfer of credit is examined and approved after enrollment. Even if a student is admitted as a 2<sup>nd</sup> or 3<sup>rd</sup> year transfer student, the student's class status might be a freshman or sophomore due to the potential of credits not receiving approval.

**Therefore, please make sure to receive confirmation from AIU before submitting your application.**

### 【Classification of Status of Students at AIU】

Class	Credits Earned
Freshman	28 or lower
Sophomore	29 - 60
Junior	61 - 92
Senior	93 or above
